MANY PEOPLE ARE KILLED IN WRECK

Excursion Train on Pere Marquette Road Collides With a Freight Train

THIRTY TO FORTY ARE KILLED One Hundred Injured in Wreck of Annual Shop Excursion at Salem, Mich.

SPECIAL TO THE DISPATCH:

Salem, Mich., July 20.—From thirty to forty persons were killed and about one hundred were injured this morning when a Pere Marquette excursion train of eleven coaches from Ionia, carrying the employees of the company's shops at that place and their family on their annual excursion to Detroit collided with a west bound freight train two miles east of this village. At 10 o'clock 22 bodies had been taken from the wreck and many more were known to still be in the ruins. There were 800 people, many of them women and children, crowded into the 11 coaches of the excursion train. The collision and wreck occurred on a straight and level piece of track. The heavy freight and passenger trains came together with enormous force and six of the passenger coaches were entirely destroyed.

LASTED ONE MONTH

Strike of Operators at Oakland and San Francisco Ended.

UNDER THE OLD CONDITIONS

Men Will Return to Work and Will
Submit Their Grievances to Arbitration—Their Union Is Not Openly
Recognized.

San Francisco, July 20.—After being out just a month, the telegraph operators in the Oakland and San Francisco offices of the Western Union and Postal Telegraph companies settled their strike. The operators almost unanimously voted to return to work under the same conditions and salaries as prevailed when they went on strike and to arbitrate their grievances as provided for in the compromise contained in the letter of Colonel R. C. Clowry, June 20. By the terms of agreement signed by I. N. Miller, assistant general superintendent of the Western Union; T. W. Storer, general

superintendent of the Postal, and National President S. J. Small of the telegraphers, both companies are to re-employ without prejudice the men who struck and the question of increased wages is to be taken up after resumption of work. The employees of each company will appoint a representative and the company one, the two to select a third who will constitute the arbitration committee. While the telegraph companies do not openly recognize the union and insist upon dealing with their own employees, the fact that representatives of the companies signed an agreement with President Small is regarded by the operators as a recognition of their organization.

About 250 operators who were involved will return to work Monday morning, President Small said. "We were not fighting for the signing of a union contract. All we desired was the acknowledgment of our right to organize and the privilege of adjusting grievances through committees of employees. This we have secured."

KOREANS ATTACK JAPS

Serious Fighting Occurs on the Streets of Seoul.

UNKNOWN NUMBER KILLED

Both Japs and Koreans Slain in the
Conflict—Abdication of the Emperor
Held to Be Responsible for the
Outbreak.

Seoul, Korea, July 20.—A company of Korean troops escaped from the barracks without their officers and attacked the police stationed on the main street at the Great Bell. After firing several volleys they scattered, continuing a desultory firing and attacking individual Japanese. They were joined by the populace, who used stones and clubs. Ten wounded have already reached the hospital in the Japanese quarter, where the Japanese are flocking for refuge.

The correspondent of the Associated Press noted 7 Japanese and 4 Koreans dead and 3 Japanese and 2 Koreans wounded. General Hasegawa is sending dismounted cavalry to reinforce the police, who are now searching for the mutineers. The military have been ordered out. While at the residence general an outbreak of the people was discredited, General Hasegawa's appearance has been fulfilled in the emote of the emperor's guards.

The city became quiet at nightfall and is now under military patrol. A heavy rain following the outbreak was largely instrumental in dispersing the crowds. All traffic has been stopped and the gunshops are guarded. The police report twenty-five Japanese were killed or wounded during the day. The casualties among the Koreans is unknown. An official Japanese report attributes the shooting to Korean soldiers who could not be controlled by their officers.

Greatly Alarmed the Emperor.

The noise of the shooting and the report of the casualties greatly alarmed the emperor and he sent by the minister of justice a long apologetic message to Marquis Ito to the effect that he regretted that his abdication had caused disturbances and he therefore called on Marquis Ito to prevent further trouble. Marquis Ito called on General Hasegawa to take military control of the city. Troops have been ordered for the safeguarding of the consulates at Seoul.

A crowd of 5,000 Koreans has been beaten back from the palace gates. During the audience with the cabinet when the emperor acquiesced to the demands for abdication, a number of students attempted to present a petition to the emperor but the police prevented them from doing so, driving them back east of the palace, where they remained all night making speeches.

At midnight Chief of Police Maruyama distributed carbines to the palace police, but the crowd continued to increase but remained orderly.

The elaborate ceremony of transferring the imperial seal to the crown prince was held Friday forenoon.

Some shops are closed because of the sympathy of their proprietors with the emperor and the streets around the palace are filled with people. The Korean official gazette is circulating on the street the first official announcement of the abdication, which was signed by the emperor and seven ministers in favor of the crown prince.

AT THE PEACE CONFERENCE

Abdication of Korean Ruler the Main Topic of Conversation.

The Hague, July 20.—The abdication of the emperor of Korea was the general topic of conversation among the delegates to the peace conference. A majority of them inclined to the belief that even if the emperor had been dethroned it should be considered an indispensable measure to give the Japanese a free hand in establishing a modern system for developing the resources of Korea.

Yi Sang Sul, ex-premier of Korea, who is here with the Korean delegation that was refused recognition by President Neldoff, after reading the press dispatch announcing the abdication said:

"It is another Japanese infamy that 20,000,000 Koreans soon will avenge." One plenipotentiary who is skeptical about the work of the peace conference observed: "The abdication of the emperor is the only result yet attained by the conference."

There is some dissatisfaction at the lack of progress by the conference, especially toward the British delegation, which by its non-committal attitude not only delays the work but tends toward the retrogressive on most propositions.

General approval is expressed of the speech of General Horace Porter, American, when he urged that the adoption of a proposal by Lord Reay, Great Britain, that neutral vessels furnishing provisions to belligerents should be captured would mean the

placing of all neutral merchantmen at the mercy of any belligerent war ship.

Tawney Enjoying a Boom.

Washington, July 20.—Congressman James A. Tawney of Winona, Minn., is being talked of considerably in connection with the vice presidential nomination on the Republican ticket at the headquarters of the League of Republican State Clubs. Congressman Tawney is enjoying quite a mid-summer vice presidential boom.

BUSINESS SESSION CLOSED

Work of the Elks' Grand Lodge at Philadelphia Concluded.

Philadelphia, July 20.—The grand lodge of the Benevolent and Protective Order of Elks closed its business sessions Friday and the convention that has drawn thousands of visitors to this city is at an end. A feature of the proceedings in the grand lodge's session was the discussion of the movement to prevent the slaughter of elk that their teeth might be secured for emblems. A committee was appointed to investigate the matter and a resolution calling upon members of the order to cease wearing elk's teeth as emblems until the committee returns its report was passed after a warm debate.

Before adjourning the lodge elected Colonel Albert J. Holley of Jackson, N. J., grand trustee to fill the vacancy caused by the death of John D. O'Shea Thursday.

Prominent visiting Elks were entertained at Valley Forge, where an address was delivered by United States Senator Knox, whose residence adjoins Washington's camp grounds. Others went on a trip on the Delaware river, where they inspected League Island navyyard, the big shipbuilding plants and other places.

TERRIFIC WIND STORMS.

Damage Grain and Buildings in Min nesota and South Dakota.

St. Paul, July 20.—Reports of terrific rain, wind and thunder storms which swept through Southern Minnesota and South Dakota were received in St. Paul and in nearly every locality great damage was said to have been done to the growing grain.

Houses were demolished and barns blown to pieces, and in several sections stock suffered, though no persons were reported killed or seriously injured.

In some sections where the rainfall was not as heavy as in others the grain was said to have been benefited by the water, but where the storms struck most severely the heading crops were beaten to the ground and so badly lodged that little if any of what promised to be a generous yield can now be saved.

Heavy rains also were reported from Missouri, and the swelling of the rivers in that state did great damage to property.

The storm did considerable damage in the Minnesota towns of West Concord, Dodge Center, Richland, Zumbrota, Henning and Fergus Falls and at Pierre, S. D., and vicinity.

MIDSHIPMAN CRUZ DEAD.

Tenth Victim of the Explosion on the Georgia.

Boston, July 20.—The tenth victim of the explosion on board the battleship Georgia on Monday, was recorded in the death of Midshipman J. T. Cruz at the Chelsea naval hospital. His father, Major J. T. Cruz, U. S. A., of Omaha, was with his son when he died, as were also the mother, brother and uncle, Colonel Hodgson, U. S. A. The body of the midshipman will be forwarded for interment in the Arlington national cemetery.

In the hospital at Chelsea it was stated that the condition of Seamen L. O. Moose and J. W. Bush was less favorable. The condition of Seamen Harold L. Gilbert, John A. Fone, John O. Malek and John P. Thomas remained about the same, general improvement being shown. Chief Yeoman Orly Taglund, Seaman Samuel L. T. Rosenberger and Boatswain Mate F. Schlapp are doing well. Seaman C. L. Eich and Gunner's Mate Hansel are out of danger.

SEVERAL PERSONS INJURED

Passenger Train Derailed in South Carolina.

Columbia, S. C., July 20.—Passenger train No. 2 on the Charleston and Western Carolina railway was derailed near Waterloo, ten miles south of Laurens. Conductor Stewart and a number of passengers were more or less seriously injured. Mrs. Sarah J. Griffin of Evanston, Ga., sustained internal injuries that may prove fatal. Other seriously injured were: C. B. Jenkins, Spartanburg, S. C.; W. P. Saxon, Spartanburg, S. C.; Mrs. Wingfield, Augusta, Ga.

It appears that some defect about the engine tore up a portion of the track and the coaches following were derailed.

ALMOST WIPED OFF THE MAP

Ohio Mining Town Devastated by a Cloudburst.

Zanesville, O., July 20.—Carnegieville, a town of 200 inhabitants eight miles south of here, was almost wiped off the map by a flood. Nearly all the inhabitants are employed in several mines in the vicinity. During the noon hour a cloudburst occurred a mile above the village and in a short time a raging torrent made its way down the narrow valley, completely inundating the town. Houses were washed from their foundations and the inhabitants had barely time to escape to the hills. No lives have been reported lost. The property loss will be large. All the mines located along the creek were flooded.

Heat Cause of Suicide.

St. Louis, July 20.—A maximum temperature of 93 degrees was recorded Friday and 53 prostrations were reported. Word was received from Hammond that Rudolph Rudiger, former treasurer of Madison county, committed suicide owing to the intense heat, which prevented him from sleeping.

SATURDAY, JULY 20, 1907

The summer terms of school at the state normals are not proving as successful as expected if reports are true. The hot summer months are not conducive to study.

The rights of man are fast disappearing as will be noticed from the news item that brings the information of the sentence of ten days in jail of Albert Tuebert at Janesville, Wis., for slapping his wife.

The Elks certainly had a "hot time" at the Philadelphia convention. The big parade was attended by 2,500 protesters from heat and the hospitals of that city were taxed to care for those who fell from the effects of the hot rays of the sun. Only one fatality is recorded and the man who died was a resident of the convention city.

A NEWS item from a Kansas paper says that a land owner of Rock Creek has asked a reduction of taxation on his farm upon the ground that the free rural mail delivery has depressed its value by missing it a mile. This reminds one of the man who claimed to have lost money by not having pork to sell when the market went sky high on that commodity.

The St. Cloud Journal-Press notes the fact that a heavy deposit of iron ore has been discovered in Stearns county at Maine Prairie and that a Minneapolis concern has taken an option on 40 acres at \$1,000 per acre and will immediately begin drilling, and adds that the iron fever has struck that section since the discovery and other farmers are making investigations on the Cuyuna range which extends from Brainerd through that county.

Ed. A. McKay came down from Smiley yesterday afternoon and was visiting at the Northern Pacific shops this forenoon. There seems to be something about the shops, like there is about a print shop. When a man once gets accustomed to the atmosphere here can't keep away from it. Mr. McKay reports himself as feeling fine.

The Motley Mercury says that Ole Olson, of that place, came to Brainerd to see the circus last week and was robbed of his watch and money in return receiving a black eye and numerous bruises. The item goes on to say that Ole was taken to the hospital and his wife notified of his condition and she ordered him sent home by the next train, but that he mistook Pillager for Motley and got off the train when it was in motion and he received some more bruises and was delayed in getting home for another twelve hours. The police here say that the man did not know whether he had been robbed or not, that when he came too he was minus his watch and his money, about a dollar and a half, was gone.

DOG FOUND

LOST CHILD

Little Mildred Seeger Strayed
Away From Berry Picking
Party Friday Afternoon

WANDERED A MILE AND A HALF

Was Finally Found After Two
Hours Search by the Aid of
an Intelligent Dog

Mildred Seeger, the three-year-old daughter of Mr. and Mrs. Floyd Seeger, of 515 First street Northeast, was lost in the woods near Whiteley creek for about two hours yesterday afternoon, and it is due to the intelligence of a shepherd dog that she was found.

Mrs. Seeger and children and Mrs. H. T. Skinner and children drove out about four miles berrying, stopping near Whiteley creek. The children were left on a blanket near the wagon and charged not to move while the mothers picked berries close by. Little Mildred thought she had lost a pail and started to hunt for it. She had been gone but a few moments when she was missed and a search was instituted. Her little tracks were seen in the road leading toward town but were lost sight of soon after. The anxious mothers and Mr. Phelps, who was near there, searched for her but failed to find her. Charlie Moehler and a Willet boy were herding cattle near there and had a shepherd dog with them. They showed the dog the tracks and he started off down the road, following it for about a mile. Then he suddenly turned into the woods. The boys did not know whether or not he was following the child, but they followed him and about half a mile from the road they came upon the little maiden, safe and sound, though badly scared and exhausted.

It was about four o'clock when she was missed and shortly before six o'clock when she was found by the searchers.

State Warehouse and Railroad Commission Will Remain at That Point for a Sunday Outing

The state warehouse and railroad commission, which is making a tour of the state, came in from the west Friday afternoon and went north to Big Falls, stopping in this city only about fifteen minutes. They spent last night at Big Falls, starting on their return this morning. Their car will be set out at Hubert this afternoon and they will remain there over Sunday, resuming their trip Monday. M. C. Kimberly, assistant general manager of the Northern Pacific, who accompanied them, came down on No. 30 today and went to St. Paul on No. 90 this afternoon.

WAS A CLOSE GAME

Brainerd Won Game at Aitkin Friday by a Score of 4 to 3 in Thirteen Inning Game

The ball game between the North Star team, of this city and the Aitkin City team at Aitkin yesterday was a hotly contested one and one of the fastest seen in this section this year. The Aitkin team got three runs in the first of the game and it was a series of shut outs till the beginning of the ninth, the score still standing 3 to 0 in favor of the Aitkin team.

Then with two out a Brainerd player was given first on balls. The next man up made a two-bagger, advancing the men to second and third bases. Quin Parker stepped up and lammed out a home run, tying the score. There was not another run made until the first half of the thirteenth inning, when Brainerd succeeded in getting the winning run across the plate. Aitkin was unable to connect with Thomas' curves and the stuff was off. Brainerd's battery was Cleon Thomas, who pitched fine ball with Quin Parker wearing the mask.

WOULD BE HARD TO GET

Money Taken to Shops on Pay Day Morning is Always Guarded by Strong Force of Men

"I see they are getting ready to take the money to the shops to pay off," remarked a business man to a DISPATCH representative early this morning. "It is a wonder some one does not hold them up some time and shoot them down before they know it," he continued. This aroused the curiosity of the reporter and he determined to see how the funds were guarded. Walking around to the bank he found six of the bank officials and employees, two policemen and several railroad employees were standing around the bank door when the strong box was brought out. They all accompanied it to the car which stood on the Sixth street crossing and all entered the car and escorted it to the shops where Messrs. LaBar and Farrar, who did the paying, and Mr. Drogseth, as clerk, were speedily locked in a strongly screened paying room making the money just as safe as on the counter of the bank. It would certainly be a foolhardy trick to attempt to get hold of the money.

A NARROW ESCAPE

O. E. Culver and Franklin W. Merritt Had a Narrow Escape From Serious Injury in Runaway

O. E. Culver and Franklin Merritt had an experience at Deerwood Friday evening that they do not care to repeat. One of the team they were driving stumbled and fell when the other became frightened and ran away, both men being unable to hold him. The front end of the buggy was literally pulled out. Mr. Culver had his leg and shoulder badly bruised and was in the city today walking with a cane. Mr. Merritt, fortunately, escaped injury.

ARE WAITING FOR LUMBER

Work on the New Shop Buildings Retarded by Lack of Timber for the Roofs

MASON WORK IS PROGRESSING

Plumbers and Steam Fitters are at Work Putting in the Heating Apparatus

The work of Libby & Nelson on the new shop buildings is being retarded somewhat by the delay in the arrival of the timbers and other lumber for the construction of the roofs. The brick work is progressing slowly, the walls of the new machine shop being well up on the second story. The steel beams and pillars which support the second floor are also in place. As soon as the brick work on the machine shop is completed the masons will commence work on the addition to the store room.

Charles Keith, of Minneapolis, who has the sub-contract of putting in the steam fitting also has a crew of men at work. It will be close to the first of the year, however, before the buildings are completed. Mr. Redin, cook at Libby & Nelson's camp, told THE DISPATCH representative this morning that he had assurance that the camp would be maintained until the first of December, and he said the camp would probably be discontinued before the work was entirely completed, as the finishing crew would be too small to make it pay to continue the same. There are now about thirty men engaged on the work.

TEMPERANCE FIELD DAY

Tomorrow is Set Aside as Temperance Rally Day by the Various Churches of Brainerd

Sunday July 21 has been set apart as temperance field day for the city of Brainerd. Three prominent state workers of the Anti-Saloon league will be on hand and will conduct meetings in six churches. Rev. C. W. Stark will speak at the Swedish Baptist church in the morning and the People's Congregational at night, the evening service being a union meeting for the Northeast side. Mr. C. W. Purple will speak at the Presbyterian church in the morning and the First Baptist church at night, the latter being a union meeting with the First Congregational church. Mr. A. H. Clark will speak at the First Methodist church in the morning and at the Swedish Lutheran church at night.

The game last night between the Peoples and the Y No. 1 teams was the most interesting one played thus far. Black was in the box for the Peoples and Willis for the Y. M. C. A., both doing good work and through most of the game receiving splendid support. Two runs were scored for each team in the opening round and from that time until the fifth there was no sign of a score. There was a brief interval of rather loose playing in the opening of the fifth, and in that interval the northeast side ran in three scores. It looked for a moment that the Ys would tie the score when Muns, the first man up, lined out a nice single, Paine, however, hit into a double play and Willis hit an easy one to Black and the game was over.

Northern Pacific Pays That Amount for Injuries Received by Mrs. Diana Kelley

WAS HURT ON FREIGHT TRAIN

Suit Was Brought by Attorney M. E. Ryan for \$10,000 Damages in Her Behalf

Attorney M. E. Ryan succeeded in satisfactorily settling a personal damage suit against the Northern Pacific railroad company brought in behalf of Diana Kelley. Mrs. Kelley, who resides west of Brainerd in the country, was injured at Foxholm in October last, while riding on a freight train. Suit for \$10,000 damages was brought in her behalf in the district court of Crow Wing county by Mr. Ryan. Bunn & Chamberlain, attorneys for the railroad company, transferred the case to the federal court for trial and it was docketed to be tried next week. Overtures were made to Mr. Ryan for a settlement, however, and as a result the case was settled by the paying of \$2,250.

New Machinery Installed

The Laurel laundry did do business after all. Yes, in buying the A. L. Hagen latest and up-to-date machinery, we did do business. Brainerd has long been in need of a good laundry equipment. I'm glad to be the lucky one to put it in here. I have tried to give my customers good work, and it has been good most of the time, but in looking on the work this mangle does, we gladly admit that our skilled hands are beaten. However, we are glad to have this machine in our possession all ready for business. I want to say this, that this machine is big enough to do all the work there is in this town and more. I have always made good wherever I have been except in a cat and dog fight. I tried that once but I was no good there, and have cut it out. However, I am going to make this machine do the work it was made to do, namely, to do your work better and cheaper than you can do it yourself and this is the way to find out: On Monday when you send your shirts to the laundry, put in a table cloth. I will do that up FREE OF CHARGE, then leave it all to you. This offer is good for new as well as old customers for one week at the Laurel laundry, phone. 113.
Respectfully yours,
I. EDSTROM.

MOTION WAS DENIED

Judge McClenahan Denied Motion for a New Trial for Henry Towers and Appeal will be Taken

County Attorney Warner returned yesterday from Grand Rapids where he went to argue against a motion for a new trial for Henry Towers. Albert H. Hall, of Minneapolis, argued for the motion which was denied and an appeal will be taken, a settled case having been filed in the office of the clerk of the district court this afternoon.

JOE ELDER HURT

Piece of Scantling Fell and Inflicted Severe Scalp Wound on Him Today

Joe Elder, the veteran engineer at the pump house, met with an accident shortly after noon today which might easily have resulted seriously. He, with other workmen, was engaged in taking down a shavings chute when a piece of scantling fell and struck him inflicting a serious scalp wound on his forehead. Dr. Groves was called and dressed the wound and removed Mr. Elder to his home. The physician says that if no complications set in he will be all right in a few days.

THOUSANDS ARE IDLE.

Forced Out of Work by Strike of Iron Ore Handlers.

Duluth, July 20.—Mining operations on the Mesaba and Vermilion ranges are at a standstill and the enormous fleet of the Pittsburgh Steamship company promises to be tied up as a result of the strike of ore dock laborers at Duluth, Superior and Two Harbors. Nearly 2,000 men in all are out as a direct result of the strike, but thousands of others are forced into idleness. The entire mining department of the United States Steel corporation is now idle and even the underground mines on the ranges are closing down. The open pit mines are already shut down.

The Duluth strikers held a mass meeting and organized a union, about 400 of the strikers being present. It is yet only a local body, but it will probably be affiliated with the Longshoremen's union after the strike is over. Both the company and the strikers declare they will stand firm.

RAILWAY COMPANY FINED.

Assessed a Large Sum, but Ticket Agent's Fine Is Small.

Raleigh, N. C., July 20.—The Southern Railway company was fined \$30,000 and Thomas J. Green, ticket agent of the company, fined \$5 in the state court here for selling railroad tickets at a rate in excess of that provided by the recent state law for uniform rate of 2 1/4 cents a mile in North Carolina. The court required Green to promise not to sell tickets at the illegal rate. Green made the promise and paid the fine.

RESTRICTED BY JUDGE

Arguments in Haywood Case
Limited by the Court.

EVIDENCE OF THE DEFENSE

That Relating to Alleged Counter Con-
spiracy on the Part of the Mine
Owners Is Removed From the Con-
sideration of the Jury.

Boise, Ida., July 20.—The field for
argument both for the prosecution and
defense of William D. Haywood has
been limited by Judge Wood, who in
a decision handed down Friday re-
moved from the consideration of the
jury all evidence bearing on the al-
leged conspiracy by mine owners and
others against the Western Federation
of Miners.

Judge Wood decided that the de-
fense had made no legal connection of
the Mine Owners' association, the
Citizens' Alliance of Colorado and the
Pinkerton detective agency as laying
a foundation for the evidence intro-
duced to show that the charge against
Haywood and his co-defendants is the
outcome of a conspiracy to extermi-
nate the federation.

Immediately after the announce-
ment of this decision argument com-
menced. Judge Hawley, leading
counsel for the state, spoke for two
hours and fifteen minutes at the af-
ternoon session, the morning session
having been adjourned to enable the
judge to prepare his decision.

Every seat in the courtroom was oc-
cupied. Outside of the enclosure re-
served for attorneys and newspaper
men, were many persons prominent in
public and private life and a sprink-
ling of women in summer costumes
added color to the scene. Governor
Frank Gooding, ex-Governor Morrison,
a number of state officers, Captain
James McFarland, Julian P. Steunen-
berg, a son of the murdered ex-gov-
ernor, and many members of the bar
of Idaho and adjoining states were
present. Haywood sat behind six of
his counsel. His wife in her invalid
chair was placed on his right and his
eldest daughter sat beside her mother.
Haywood's half-sister and stepfather
occupied seats nearby.

Mr. Hawley, who has been ill for
several days, commenced his address
in a voice almost inaudible except to
the jury. Mr. Hawley is the nestor of
the Boise bar. He is a man of im-
pressive presence and aggressive
speech. Warning to his subject, his
voice lost all trace of weakness. His
address after the opening statement in
which he explained that he had "none
of the grace of words that constitute
an orator" was at times eloquently im-
passioned but yet a plain analysis of
the case.

Most Important Case.

He then characterized the case
as the "most important ever given to
a jury in the United States" and
urged the jurors to a serious consid-
eration of their responsibility. His
denunciation of the defendant and his
alleged co-conspirators as the "worst
band of criminals that ever infested
any section of this country" was
forceful, and his eulogy of ex-Governor
Steunenberg eloquent in the extreme.

Mr. Hawley described Orchard's
story as truthful, not only because of
the manner in which it was told but
because it had been corroborated in
every important detail. Then when
he found reason for the confession in
the conscience of the criminal stirred
by memories of a happy boyhood in
an upright home, there was a quiver
of emotion in the attorney's voice and
more than a suspicion of tears among
his audience.

Counsel for the defense repeatedly
interrupted Mr. Hawley with protests
and objections, but these only seemed
to stir him to greater effort. Once he
turned to Clarence Darrow and faced
him in anger and at another time he
said "It does not lie in the mouth of
counsel to find excuse for these awful
crimes."

Mr. Hawley concluded Friday after-
noon with the statement that already
he had shown enough to convict and
that any jurymen not willing to con-
vict on the evidence connecting the
conspirators with the blowing up of
the Bunker Hill and Sullivan concen-
trator in 1899 and the explosion at the
Vindicator mine in 1903 alone "sought
only to rid himself of an unpleasant
duty to his state."

Mr. Hawley will continue his argu-
ment when court meets today and
will probably conclude before adjourn-
ment.

Judge Wood has notified counsel for
the defense that he expects argument
for their side to commence Monday.

Wooden Leg Prevented Suicide.

Minneapolis, July 20.—Peter Du-
buque, a bartender for Nick Eckes of
Osseo, Minn., jumped off the Ply-
mouth avenue bridge here, but landed
in only two feet of water and did not
accomplish his anticipated death by
drowning. Instead his wooden leg
became so firmly stuck in the mud of
the river bottom that he could not
move it. His calls for help brought
several laborers from their work in
the neighborhood and after much ef-
fort he was rescued and turned over
to the police.

Two Drowned at Sioux City.

Sioux City, Ia., July 20.—Francis
Kane, a wealthy retired farmer of this
city, and his cousin, Mrs. John Healy,
aged thirty, of Lincoln, Ill., were
drowned in the Sioux river here by
the capsizing of the canoe in which
they were rowing.

TAKE REFUGE IN JAIL.

Italians Surrounded by an Angry Mob
of Their Countrymen.

New Orleans, July 20.—A city jail
was used as a place of refuge for Mr.
and Mrs. Monteleon, Italians released
on habeas corpus proceedings after
several weeks' imprisonment as sus-
picious personages in the Lamana
case. Several hundred angry Italians
surrounded the Monteleon house and
a guard of sixty-five men failed to
quiet the mob. The Monteleons were
finally put in a patrol wagon and
taken to a police station. During the
excitement Peter Lamana, father of
the kidnapped boy, with a revolver in
his hand made a violent attempt to
break through the crowd, saying he
wanted to get at the Monteleons. He
was taken to the police station,
though not put under arrest. Except
for this incident, the city was quiet.
The presence of three companies of
militia and rapid fire guns at the
Hahnville jail has apparently stopped
all intention of mobs to go from here
to Hahnville for a lynching. It has
been decided that the four prisoners
will not be sentenced until Monday.

ARMED MOB DISPERSED.

Attempt at Lynching Foiled by State
Troops.

Hahnville, La., July 20.—A posse of
about 100 armed men arrived here by
train about 2 o'clock this morning,
bent on a lynching, but was dispersed
by the militia without conflict.

It is said that the members of the
posse believed that they had secured
an understanding with a sufficient
number of troops to make a lynching
a success.

Two companies of militia from
New Orleans will come here by spe-
cial train. This will make five com-
panies on guard, numbering nearly
300 men.

ACCIDENT ON THE GEORGIA

Due to Ambition of Gunners to
Make a Record.

Washington, July 20.—By a process
of elimination the naval board that
has been investigating the accident
whereby the men in the turret of the
battleship Georgia lost their lives has
arrived at the conclusion that a "de-
layed flare back" caused the catastro-
phe. In one sense the verdict is
received with a distinct sense of relief
by naval officers, because it showed
that they had no new element of dan-
ger to contend with. They had ex-
perienced "flare backs" and thought
that they knew how to deal with them.

A "delayed flare back" is caused by
closing off too soon the blast of com-
pressed air that is supposed to expel
from the bore of the gun the unburnt
gases and fragments of smoldering
powder covering what might be left
from the last discharge.

After the terrible accident in the
Missouri's turret three years ago, re-
sulting in the loss of over thirty lives,
the experts having decided that that
accident was caused by the ignition of
the new charge by the unburnt
gases and smoldering cartridge cloth
of the preceding charge, the ordnance
bureau caused to be fitted to the
bore of each of the great guns an
air blast apparatus calculated to ex-
pel by compressed air any gas or
cloth that might remain in the bore
of the gun. So far this has worked
well and there have been no "flare
backs" since the device was installed.

In the case of the Georgia's eight-
inch guns what happened was this:

The breach of the gun was thrown
open and the air blast turned in at a
pressure of 100 pounds to the square
inch. This is sufficient for all ordinary
purposes if it be continued long
enough to drive the last remnant of
gas or cloth from the gun bore. In
this case the gases or smoldering
cloths (which, is not known) were
driven probably more than half way
to the muzzle of the gun when the air
blast was turned off. The Georgia
was steaming at ten knots into the
wind, which blew into the muzzle of
the gun. The unexpelled gases or
cloths were driven back by the
breeze into the gun and out upon the
powder charge that was just about to
be inserted. The explosion that fol-
lowed was inevitable.

The cause of this accident therefore
will without doubt be set down to the
ambition of the gunners to make a
record practice in point of speed.

Found Guilty of Conspiracy to De-
fraud the Government.

Cheyenne, Wyo., July 20.—In the
United States district court E. M. Hol-
brook, a millionaire; L. L. Lombrough,
an attorney, and Robert Philamane,
a business man of Sheridan, were found
guilty of conspiracy to defraud the
United States government of coal
lands in Carbon county. The maxi-
mum penalty on each of the two
counts on which the men were tried
is two years in the penitentiary and a
fine of \$1,000. Judge Roneyard an-
nounced that he would impose sen-
tence in a few days.

New Job for Stevens.

New Haven, Conn., July 20.—It has
been announced by President Mellen
of the New York, New Haven and
Hartford railroad company that John
F. Stevens, former chief engineer of
the Panama canal, has been appointed
a vice president of the road with of-
fice at New Haven. Mr. Stevens will
have charge of all matters pertaining
to operation and will report to the
president.
